

# Application Notes

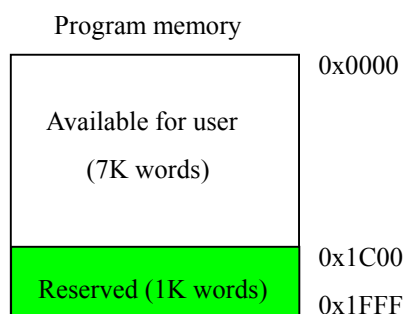

TITLE: [EM61002 Memory Reservation](#)

Notes number :	<b>AP-EM61-0002E-V1</b>
REVISED DATE :	<b>7,DEC, 2001</b>
REVISED VERSION :	<b>1.0</b>
APPLY TO CHIPS :	<b>EM61002</b>
APPLY TO SOFTWARE :	<b>2.0</b>

In EM61002, parts of the program/voice memory area have been reserved for testing purpose.

## Reserved area of program memory area

The upper 1K word of program memory has been reserved for testing. That is, address 0x1C00~0x1FFF (page 7) are reserved and user can not use it.

## Reserved area of program memory area

The first 256 bytes of voice memory have been reserved for testing. That is, address 0x0000~0x00FF are reserved and user can not use it. The IDE tool will avoid this area, it place tables and data from 0x0100 to 0x7FFF.
